1189 W 600 N Uniondale Indiana 46791 - 260-543-2319 alance@alanaircraftservices.com - www.alanaircraftservices.com

Professional Experience

■ Alan Aircraft Services Inc. 2001 to Present

- Acting corporation president of Alan Aircraft Services Inc.
- Performing Certified Senior NAAA USPAP endorsed aircraft appraisals. I produce certified documentation with un-biased market value for aircraft that may or may not be airworthy. My clients may be involved in legal disputes, aircraft buyers or sellers, insurance companies, or banks where a market value is needed.
- Independently performing aircraft routine maintenance, annual inspections, repairs, and modifications using my A&P / IA FAA mechanics license.
- Acquiring aircraft in need of repair (unserviceable) and returning them to airworthy condition as per 14 CFR Part 43 Federal Aviation Regulations.
- Dealer/Broker. Buying and selling aircraft and aircraft parts for more than ten years with and between government and civilian sources.
- Hiring and managing as many as seven employees at different times and different locations.

■ Maintenance Director for Air Cargo Express a FAR part 135 air freight operator 1999 to 2001

- Coordinated and developed the new FAA 135 charter taxi operating certificate for that company at the local FAA flight service office for Air Cargo Express Inc. in 1999.
- Developed the Air Cargo Express Inc. in house maintenance tracking program in Microsoft excel for 7 turbine aircraft.

■ Operated Uniondale Auto Repair 1993 to 1999

- As owner operator. Operated a small business repairing cars for local people.
- Hiring and managing 3-5 people including technicians and clerical.

■ Airframe and Power Plant mechanic for Air Wisconsin Inc. 1979 to 1993

- Performing maintenance for an FAR part 121 air carrier performing line and heavy maintenance as a licensed Airframe and Power Plant technician.
- Lead mechanic managing and coordinating maintenance task for seven to twelve technicians for a fleet of twenty four multi-engine 50- 100 passenger aircraft.
- Maintenance control duties including some maintenance scheduling duties.

■ Airframe and Power Plant mechanic for Midcoast Aviation Inc. 1978-1979

 Performing maintenance for an FAR part 145 aircraft repair station. Performing routine maintenance as a licensed Airframe and Power Plant technician on mostly corporate jets such as Sabreliners, Beechcraft, and Gulfstream's.
